

THAT JUST RIGHT FEELING

Excalibur ET Plush

SPRING AIR ELITE SERIES

Sleep Surface

Temp-Right™ Fabric

Unique phase-change molecules regulate temperature and absorb body heat.

Hyper-Soft™ Gel-Top Quilting

Durable gel-infused construction retains its feel for years of consistent comfort.

Comfort Layers

Soft Slow Response SPA Foam

This special foam is ultra-soft, breathable, and exceptionally durable.

Hyper-Soft SPA2 Foam

This resilient layer provides ergonomic and stabilized support.

Soft Slow Response SPA Foam

This special foam is ultra-soft, breathable, and exceptionally durable.

Hyper-Soft SPA2 Foam

This resilient layer provides ergonomic and stabilized support.

Ultra-Last™ Comfort Foam

Delivers incredible durability, and retains its resiliency longer than standard foams.

Support System

Combi-Zone Pocketed Coil System

Featuring high-performance center zoning, this ergonomic spring system delivers deep support and virtually eliminates motion transfer.
